# NO RAGGING

The need for adopting as strict as possible Anti Ragging measures can never be over-emphasized. Hon'ble Supreme Court of India has laid down strict rules for implementation of Anti Ragging measures to avoid occurrence of ragging inside or outside the campus. Any individual or collective act or practice of ragging constitutes gross indiscipline.

Ragging ordinarily means an act conducted or practiced by which power or status of senior students is brought to bear upon students freshly enrolled or students who are in any way considered junior by other students and includes individual or collective acts / practices which involve:

- Physical assault or threat or use of physical force.
- Violation of the dignity of other students.
- Exposing students to ridicule and contempt and affecting their self esteem.
- Entailing verbal abuse, aggression and indecent behavior.

Strict norms have been laid out to ensure smooth induction of new students into the campus as well as to ensure that no ragging/any other undesirable activity takes place under any circumstances. All students are made to sign anti ragging declaration.

Exemplary punishments will be awarded to the defaulting students which may include rustication from the Institute and handing over the defaulter to the police for dealing with criminal offence of ragging.
